SUMMARY

Cloud support associate candidate with AWS certifications and hands-on deployment experience across Vercel, GitHub Actions, Docker, environment variables, APIs, serverless functions, auth, databases, and production troubleshooting. Strong fit for junior cloud support, cloud operations, and technical support roles.

SKILLS

Cloud: AWS fundamentals, Vercel deployments, serverless functions, environment variables, DNS basics, cloud troubleshooting

DevOps: GitHub Actions, CI/CD, Docker, release checks, dependency audits, secret scanning, deployment logs

Applications: Next.js, FastAPI, Node.js, REST APIs, PostgreSQL, Supabase, Stripe, auth/RLS

Support: incident notes, reproduction steps, escalation, documentation, root cause analysis, customer communication

EXPERIENCE

Cloud Support / Full-Stack Developer | Sage Ideas

2024-Present | Remote

- Deployed and supported production Next.js applications on Vercel with serverless functions, environment configuration, GitHub-backed deployments, and release verification.
- Troubleshoot deployment failures, API issues, auth/RLS behavior, Stripe event workflows, database-backed features, and browser/runtime issues.
- Supported Docker/Kubernetes-packaged FastAPI applications, CI quality gates, dependency audits, and release checks.
- Wrote documentation, runbooks, troubleshooting notes, and validation steps for production application workflows.

Senior Analyst & Full-Stack Developer | HighStrike

2021-2026 | Remote

- Built and supported dashboards, backend workflows, billing automation, market-data tools, and research systems in a remote fintech environment.

SELECTED PROOF

Sage Ideas Studio: Vercel deployments, serverless functions, GitHub-backed releases, environment configuration, Supabase/Postgres, Stripe.

Nexural Research: Docker/Kubernetes packaging, FastAPI services, API validation, CI quality gates, and release checks.

Nexural Automation: secret scanning, dependency audits, contract tests, schema validation, and operational runbooks.

EDUCATION & CERTIFICATIONS

B.S. Computer Science | Full Sail University

B.S. Finance | Kean University

AWS Cloud Practitioner | AWS Solutions Architect | AWS ML Foundations | Cisco Networking
