SUMMARY

Web and CMS specialist with hands-on experience maintaining websites, content pages, service pages, blog workflows, metadata, responsive layouts, QA checks, forms, internal links, and deployment updates. Strong fit for web content specialist, CMS coordinator, website administrator, and junior web production roles.

SKILLS

Web: HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, responsive design, accessibility checks

Content/CMS: page updates, blog/content workflows, SEO metadata, internal links, image handling, content QA, publishing checks

QA: browser testing, responsive viewport checks, broken link checks, form validation, bug reports, release smoke tests

Tools: GitHub, Vercel, Markdown, browser dev tools, analytics basics, API-backed forms, sitemap checks, robots.txt checks

EXPERIENCE

Web / CMS Specialist | Sage Ideas

2024-Present | Remote

- Built and maintained website pages, service pages, work pages, blog/content workflows, metadata, forms, responsive layouts, and recruiter-facing pages.
- Tested pages for mobile layout, desktop layout, links, forms, loading states, error states, metadata, and deployment behavior.
- Updated content and technical pages using Next.js, Markdown-style content, GitHub workflows, Vercel deployments, and browser QA.
- Connected web pages to API-backed forms, analytics events, email workflows, and production route structures.

Senior Analyst & Full-Stack Developer | HighStrike

2021-2026 | Remote

- Supported research publishing, user-facing reports, dashboards, web content, market explanations, and technical documentation.

SELECTED PROOF
